Service Interface

Service Implementation

Service Factory

Client

```
@DistributeMeC  
public interface EchoService {  
    long echo(long parameter) throws EchoServiceException;  
}
```

```
public class EchoServiceImpl implements EchoService {  
    @Override  
    public long echo(long parameter) {  
        return parameter;  
    }  
}
```

```
public class EchoServiceFactory {  
    public EchoService create() {  
        return new EchoServiceImpl();  
    }  
}
```

```
public static void main(String a[]) throws Exception {  
    EchoService service = ... omitted;  
    long param = 123;  
    long echo = service.echo(param);  
    System.out.println("Service replied: "+echo);  
}
```
